Hello, how are you doing today good i guess anyway i'm doing fine here as well...Let me start by introducing myself,My name is Janneth Brown

I was born in Miami Florida sixty down town street .I'm 5ft 2inch,slim,single lady. I have never married before, no kids,I am a student studying my masters in accounting,I am very outgoing,communicative,easy going,outspoken,I am also a very Romantic type,love to cuddle,hold hands while walking,I'm trustworthy so far as people tell me maybe I'm just laid back,lol...I also tend to have a good heart with so much of love to give and to receive. I am alone child as well,parents are late now though,I moved to Nigeria 4 years ago after the death of my father, my dad's lawyer who live and work in Nigeria took me there for my studies cos We all live together in the states (USA),before he decided that he want me to follow him to West Africa here to get married to his wife that he has been dating on internet when we are in the state.Well i followed him down here because i have no choice than to follow him down to anywhere he is going,but i live with him and his wife no more cos his wife seems to hate me and treat me badly which i reports to him every-time but he is always in support of his wife.Thank God i met a very good friend here in Nigeria in the university and i am living with her now.Her name is Rose,and ever since i have been living with her,I've been planning to move back to the state ,but i couldn't make it up because all my US citizenship documents are with the lawyer,but now Nancy has tried to raise me another visa and passport,so there is nothing that will let me go back to the lawyers house until am ready to have all my inheritance my dad left for me cos my Dads work for a an oils company here he left me all he has worked for and anytime i am ready for it i should tell the lawyer but only if i have found a real man that can take care of me well if we get to know more better i will let the lawyer know i am ready for it all,Well I love watching Movies,Television,listening to Music,Singing,Reading,Writing poems,Swimming,playing Basketball.Now I guess a question will come to your mind(Why is she Single)isn't it...OK ,I used to have a boyfriend but I broke up with him,I caught him on bed with my best close friend,you know how that is,it's a SHOCK,...so this led me to break up with him,was I right by that decision???I seek for a complete honest man,who will come home to me,love me,adore me,a strong man with a strong heart who will want our relationship to last forever,a compassionate man,one with good heart and know how to handle matters,I want a lover not a fighter,lol I am committed life to living to the fullest and in growing as a person. Having fun is very important to me and I am looking for someone with whom I can share life's experiences and grow together in faith and love with. My ideal match is someone who has a best for life,someone who can have laugh and have fun but,and at the same time,he most be responsible and serious. Someone with whom I share a strong physical and emotional connection... In the long-term, I believe that it is essential that we share similar values and that we have excellent communication with one another.I love to cook all types of food but I have no one to share a meal with-so I cook only when I have to. would you like to have a meal with me. Can you also tell me about you??

BEST REGARDS (JANNETH)

Well, my dear, let me tell you a story about the girls from my school which I will never forget. Maybe you will understand what I feel:

Majdalenky, Apolenka with Veronica and I Verka, Zdenek, Majka, Lenka Monica. No clear Klára Ančí, Bára Mančí do not know whose, all the girls from our school great. Yeah, yeah, yeah oh no they are nice girls? A maj where my toys, those we love three years. Fri Fri Fri we said before kindergarten Fri. It was just six and started to show other girls.

At school Daniel Romanet with Michael and also Adrian Marian inflammation. A main direct Radka, friend, what she knows. These kinds of fairies girls were our school days. Yeah, yeah, yeah oh no you girls are good and where the owner of pupil ours boyish love. Bye, bye, bye We said Čáu before school. Rod us at fifteen and started to show other girls. At the crack Sarka high school, class Klara, Tania like a dream and I senza Janka in knee socks, just cheerful. And all in a sexy shirt figure had HAM !!! ... Well just slick enough inspiration to maturám ...

Yeah, yeah, yeah oh no they are nice girls and where maj walled ours dream of love. Ow, ow, ow sighed and we, Chow and Fri. He continued not held any girls' school show. And then when we met a lot of other girls and names, blonde, brunette, heat and dream. In the rhythm of disco: from a distance, from close, even in my arms, yet they are still girls from our school prettiest ... Yeah, yeah, yeah oh no they are nice girls and where maj scurry my, those we love three years. Fri Fri Fri called away before kindergarten, it is known, the years go by but the girls do not age.

That was so interesting.. To me, there is nothing more special than a shared Love. One that delights in our loved one's achievements, and growth as a person. One that has no jealousy, anger or mistrust. I believe when I have met the right person, we will believe so completely in each other, and Love each other so completely, that we will trust without hesitation as well....I am a lovingly touchy person. I like to hold hands, hug and kiss ... when appropriate... I like open affection, but in good taste, not for affection sake. I love to look into my loved one's eyes, and often get accused of starring... But I stare at flowers too, they never complain that I could look at them from when the blossom until they fade away... I like being touched too. Held and having my hair played with... I like simple things, not complications and overbearing...I want my soul mate to be my best friend, so I can always talk with him, and my other friends all accept and love her too, that she can accept and love them back. Life is so short, why do people make it so complicated by wanting everything they see...and forgetting that we are here to Love one another, not "bed as many as we can" and have nothing true and genuine when our time comes... I believe it takes "a lot of time" to know someone, and when an actual "relationship" does start ... I still believe intimacy should be saved until "you know" they are someone you want to be with. I told a friend once, if people would date for six months to a year or more without sex, they would know the person, and either be just friends, or continue on with an Intimate Loving Relationship, and have a much better chance of it lasting. I did not say "making it last" as I have tried that, and trust me, you never want to "make" anything happen, it is either there or it is not... Let go and let God ... and save yourself, you'll be happy you did...Hope that wasn't too much, but it is honest and all me...I look forward to reading your thoughts and comments, And I have a hypothetical question for you. Lets say we were married and we stayed up late laughing and enjoying each others company while getting to know each other better. We end up making love most of the night and fall asleep without putting the alarm on to wake us up in time for work. When we do wake up in the morning, we're not late , but we need to hurry up and get ready. Would you take a shower with me to save

time or would that be to embarrassing for you ? Or Maybe you would want to shower alone, just thought I would ask as it was something that was on my mind and I was interested in how you feel about something like this... as I am awaiting for your answer.
